

Adore You

Text & Melodie by Rachel Carmen (Rachel Divà)

You gave me a chance to live with you
You gave me the life I wished for
You saved me from the bad things of life

You taught me about the good and bad
You brought me to live here in this world
You gave me a heart to love

**I love you – I adore you
I love you – I adore you**

I wish I could do the same for you
I wish I could fly to help the people
I wish you are happy with me

I can see the good in life
I can feel the truth in childrens eyes
I can make my dreams come true

**I love you – I adore you
I love you – I adore you**

For all that things I would say thank you!
Thank you mum and dad, my sisters, friends
Thank you my prince charming
You make my life complete

**I love you – I adore you
I love you – I adore you
I love you – I adore you
I love you – I adore you
I love you – I adore you
I love you – I adore you**
